

New Hope Community Services (New Hope CS) is a social service agency working to bring hope and change into the lives of the displaced and disadvantaged in the community.

Since 2004, we have been empowering our beneficiaries with opportunities to better their own lives. We provide a range of services and programmes such as temporary shelter, casework and counselling services, job-matching, life-skills training and support with long-term housing and employment. Together with our 3P Partners—Public, Private and People—we serve all people regardless of race or religion.

We are a full member of the National Council of Social Service since 2005 and have been granted Institutions of a Public Character (IPC) status until 2026.
